Ryan Mecum : *Zombie Haiku: Good Poetry For Your...Brains* before purchasing it in order to gage whether or not it would be worth my time, and all praised *Zombie Haiku: Good Poetry For Your...Brains*:

0 of 0 people found the following review helpful. Great read!By staceyg685Great read for everyone. It's a great way to introduce poetry to reluctant readers and people who hate poetry without ever having really experienced it.1 of 1 people found the following review helpful. *Zombie Haiku*By DanielleMy daughter convinced me to order this book. At first I had no interest but after reading the first few pages I was hooked. Never really thought about what it would be like to be human turning into a zombie. A diary of a persons transformation. A different sort of view. Perfect for people who are into Zombies. Used for Teen reading group.2 of 2 people found the following review helpful. Fun Little BookBy Dale in TexasI enjoyed this little gem. Ok, it's not perfect haiku. I don't think I could think of a season

word to go with blood and gore. I thought it was very original and had some fun parts that kept me laughing through most of the book. This would make a perfect gift for that special someone with zombies on the brain!

Blood is really warm, like drinking hot chocolate but with more screaming. Poetry is dead. "Zombie Haiku" is the touching story of a zombie's gradual decay told through the intimate poetry of haiku. From infection to demise, readers will accompany the narrator through deserted streets and barricaded doors for every eye-popping, gut-wrenching, flesh-eating moment. The book is illustrated with over 50 photos from the zombie's point of view and designed with extra blood, pus, gore, and guts! Biting into heads is much harder than it looks. The skull is feisty.

"Simply one of the best zombie reads of the year... If you have a taste for horror, this quirky little book is for you. But if you're a zombie fiend like myself, you should make it your single minded goal to seek out this book and digest then savor it." -- Mark. L Miller, Ain't It Cool News "Ryan Mecum obviously knows his zombie films well, and his book tells a gory, violent story that will warm the veins of Romero fans." -- Rue Morgue Magazine
About the Author Ryan Mecum is the author of the adorably disgusting Horror Haiku series that includes Zombie Haiku, Vampire Haiku, Werewolf Haiku, and Dawn Of Zombie Haiku. He can be found on Twitter at @MecumHaiku. He lives in Cincinnati, OH, and is constantly thinking in a 5-7-5 haiku syllable structure.
