In 1896, elephants at the New Dehli Zoo were observed practicing rudimentary yoga poses within their enclosures. Their astounded keepers encouraged this remarkable behavior and before long the pachyderms were demonstrating up to seven distinct postures. At the turn of the century several of these elephants were shipped on loan to zoos in the West. Zoo animals throughout the U.S. and Europe quickly noted and mimicked the elephants behavior and the rest, as they say, is history. Today nearly every animal in the zoo is a yoga enthusiast! The large format wall calendar includes six bonus months of July through December 2016; large grids with ample room for jotting notes; moon phases; U.S. and international holidays.

About the Author Our location in the Wisconsin northwoods helps keep Willow Creek Press off the publishing world's

radar. Around here, we're more accustomed to landing walleyes and muskies than big books and authors - events hardly worthy of note in *Publisher's Weekly*. But, a few years ago we did get noticed with the release of *Just Labs*, a unique and colorful tribute to Labrador retrievers. The book quickly became a bestseller (now with 400,000 copies in print) and frankly startled us with its success. We were not surprised for long, however, and now an entire line of popular Willow Creek Press titles evokes the myriad joys of dog and cat ownership. Today we are known for high-quality, light-hearted books and the best *Just* bread calendars in the country.
